

## DOWNED VILLAGERS

In a Beautiful Game Here Tuesday Afternoon.

Third of Series Scheduled for Yesterday—Paducah Club On Hand.

Hopkinsville defeated Clarksville in the first game of the series of three here Tuesday in a fine ten inning game by a score of five to four. The Clarksville team played a good game, but Hopkinsville put up a better one. Wyatt started in to pitch for Clarksville but was taken out on the first inning and Betts substituted. Hoepfel won the game for Hopkinsville in the tenth inning when he knocked the ball over the fence. Edwards struck out eleven Clarksville batsmen and only allowed seven hits.

It was one of the prettiest games ever played on the Athletic Park diamond. Hoepfel was given a purse of \$5, a pair of fine shoes and other smaller amouunts and articles for his home run. Edwards was also presented with a \$5 hat and the other members of the local club were each given cash for their fine work.

The second game between the clubs, played on Wednesday, resulted in a victory for Clarksville, the score being 7 to 4. The game was hotly contested from start to finish and but for the costly errors of the locals the home team would have won the second of the series. Batteries: Hopkinsville—Bomar and Street; Clarksville—Harris and Holmes. Bomar pitched a fine game. Hopkinsville got 11 hits and six errors. The crowd that witnessed Wednesday's game was one of the largest of the season.

The third of the series was scheduled for yesterday afternoon. Paducah will play Hopkinsville at Athletic Park today and tomorrow. The teams will then go to Paducah for one game which was postponed recently, and will return here Monday for the third game of the series begun today.

### Paducah and Return—\$1.25

## A HOT ONE.

Sam Jones Tells the Northerners a Few Things.

Bloomington, Ill., Aug. 4.—Rev. Sam Jones, the Georgia evangelist, who was one of the speakers at the Bloomington Chautauqua, was asked while here what, in his opinion, was responsible for the race wars in the North particularly the Dan-vill and Evansville riots. He said in response:

"I have lived among negroes all my life, and know them pretty well, and in my mind there is not much in this excitement about them. Now this lynching business is no anarchy. If a mad-dog or a wild beast runs through the streets and bites some one the thing to do is to kill it, and kill it before it does any more harm. There is not much difference between a wild beast and a negro who will attack white women. Why, in the South the respectable blacks help the whites lynch the brutes. Of the 11,000,000 in the South, the great mass are peaceable, law-abiding citizens. Since we have gotten rid of the Yankee scalawags, who were stirring them up, we don't have much trouble with them. They know their place, and they keep it, just as the convicts at Joliet know their place and keep it."

"There may be a thousand bad negroes in the south, and they are the ones who make the trouble. It was

the enfranchisement of the negro that made the trouble at first. In Georgia we have not disenfranchised them. They can vote at the general election, but they cannot vote at the primaries. We have a white primary, and as a nomination is equivalent to an election, the black vote does not interfere. Education is doing a great deal for the blacks. The only education that I think is useful to them is manual training. Booker T. Washington is doing the most for them. He is dignifying labor, and teaching them to work.
